

The Parent Contribution Resource Scheme is important:

Unfortunately, Government funding does not cover the additional costs associated with enriching your child's education. This pamphlet explains why Bees Creek School relies on parent contributions to generate the extra funding needed to ensure we provide the best possible learning environment for your child.

Bees Creek School Council asks you to help support our school through this contribution scheme. All funds generated are directed back into the school for the uses indicated overleaf.

The 2021 Preschool Parent Contribution Resource Scheme is:

**\$240 per Preschool Student per year or
\$60 per term**

For further information please contact the school via the details below.

Public Education

Back to school Payments

The NT Government provides parents with a Back to School Payment of \$150 to help pay for essential school supplies— text books, stationery, uniforms & other essential school items.

Please Note: At Bees Creek your payment can be used to purchase your child's book pack, and/or uniforms at the start of each year. Government regulations specify that payments **cannot** be redeemed for cash, spent elsewhere, or used to pay parent contribution schemes.

Hardship

It is possible to pay the parent contribution scheme in installments, such as \$60 per child per term.

If you are experiencing financial difficulty and are not eligible for any government assistance, please contact the school Principal to discuss other ways you can contribute, assessed on a case by case basis.
